VDP Classification: VDP.ERSTE LAGE®

Grape variety: 100% Riesling

Site: Hallgartener Hendelberg

Vinification & Ageing:

85% old double barrel, 15% new barrel new single barrel

Description:

Our highest single vineyard site at over 300m NHN.

Due to the short distance between the vines, they root very deeply. This allows them to reach the mineral groundwater in the mountain. This Riesling adapts here extremely from its slate soil with quartzite parts. The complex minerality paired with fine fruity cool notes lets origin taste.

With the use of new piece barrels we underpin the terroir of this site.

Serving suggestion:

8°C, a great companion to truffle dishes, fish dishes and to white meat, as well as all steamed dishes.
